Advantages of Sensitive Document Destruction

Destroying your sensitive documents keeps your business safe as well as your customers information safe as well. There is a lot of information that is placed on invoices, bill of ladings and purchase orders that can fall into the wrong hands. For example, the Competitions. In the current market everyone is trying to be the top dog. The customer base is becoming smaller

while the competition is becoming bigger. By destroying your daily printed information or ideas you are assuring it is not being redistributed throughout the industry. The advantages of destroying your documents is keeping your business safe, saves you time and money. Your company does not have to pay employees to shred documents individually at their desks and can focus on the next big project...

“SGA handled our sensitive documents in a very professional manner . They showed up on time, loaded up quietly and updated us through out the process. Saved us a lot of time during the peak of the season. Nice to see this service in Santa Cruz County ...”
